

Mg Alloy Die Casting Cabinet

左右过线孔
LEFT AND RIGHT CABLE HOLES

箱体特点/Cabinet Features

- 超轻---箱体重量比传统铁箱轻，大幅节约成本
Ultra-light---lighter 40% than aluminum die-casting cabinet
- 超薄---由于铝合金强度高，在设计中可以比铁更薄，薄30%左右
Ultra-thin---high strength, more slim than aluminum in the design, thinner around 30%
- 抗干扰---特有抗电磁波干扰功能
Anti-interference---special anti electromagnetic interference function
- 散热快---良好的散热性能，有效保护模组电路
Fast cooling---good heat dissipation performance, effectively protecting the module circuit
- 安装快捷---安装仅需20秒
Easy installation---Installation takes only 20 seconds
- 精度高---箱体经CNC加工后，精度更高，可无缝拼接
High precision---seamless splicing through CNC machining
- 通用性强---可以按照套件孔位加工，可用于室内
High universality---can be processed according to module drawing, used for indoor
- 性价比高---有完整的生产供应链进行规模化生产
High cost-effective---large-scale production, complete production & supply chain

箱体参数/Specification

规格 Size	W960*H960*D87(mm)
重量 Weight	11.8kg with basic accessories
模组 Module	P4/P5/P6.67/P8/P10/P13.33
材质 Material	镁合金 Magnesium alloy
安装方式 Installation	固定安装 Fixed installation
使用环境 Use of the environment	室内/室外 indoor/Outdoor
包含配件 included accessories	快速锁、提手、系统/电源板、连接片 Fast lock, handle, system/power installation plate, connecting piece
箱体颜色 Cabinet color	黑色，其他颜色定制 Black, Other color customization

配套产品/Related Products

- PCB板(PCB Board):P4/P5/P6.67/P8/P10/P13.33
- 套件规格(Suite Size):320mm*160mm
- 航空箱(Flight Case):一装五，一装六(5PCS cabinet in one case, 6PCS cabinet in one case)
- 电源(Power Supply):200W-5V 40A, 400W-5V 80A
- 航插(Power Connector):20A 3*2.5mm² 国标 (20A 3*2.5mm² National standard)
