

640X480-B铝合金压铸箱 Al Alloy Die Casting Cabinet

(前维护)

◆ 箱体特点/Cabinet Features

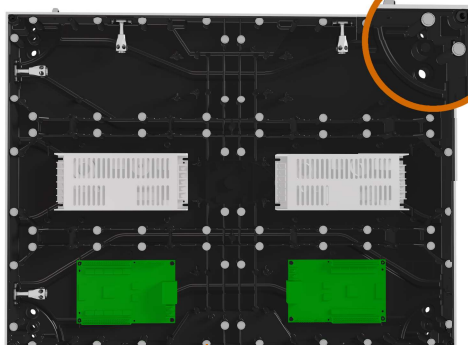

- 散热快---良好的散热性能, 有效保护模组电源
Fast cooling---excellent heat dissipation performance to protect the modular circuit
- 抗干扰---特有抗电磁波干扰功能
Anti-interference---special anti electromagnetic interference function
- 硬连接安装---模组一贴即亮
Hard connection installation---the module will light up as soon as it is pasted
- 安装快捷---专用快速锁, 安装仅需20秒
Easy installation---installed by quick lock for 20s only
- 精度高---箱体经CNC加工后, 精度更高, 可无缝拼接
High precision---seamless splicing though CNC machining
- 通用性强---可以按照套件孔位加工, 可用于室内
High universality---can be processed according to module drawing, used for indoor
- 易维护---可以前面将箱体从钢结构上取下, 实现全部前维护
Easy to maintain---cabinet can be removed from steel structure in front
- 性价比高---有完整的生产供应链进行规模化生产
High cost-effective---large-scale production, complete production & supply chain

◆ 箱体参数/Specification

规格 Size	W640*H480*D50(mm)
重量 Weight	4.3kg
模组 Module	P2.5/P2/P1.83/P1.86/P1.667/P1.538/P1.37/P1.25
材质 Material	铝合金 Aluminium alloy
安装方式 Installation	吊装, 固定安装 Lifting, fixed installation
使用环境 Use of the environment	室内IP30 indoor IP30
包含配件 included accessories	快速锁, 提手, 系统/电源板, 连接片 Fast lock, handle, system/power installation plate, connecting piece
箱体颜色 Cabinet color	黑色, 银色 Black, silvery

◆ 配套产品/Related Products

- PCB板(PCB Board):P2.5/P2/P1.83/P1.86/P1.667/P1.538/P1.37/P1.25
- 套件规格(Suite Size):320mm*160mm
- 航空箱(Flight Case):一装五, 一装六(5PCS cabinet in one case, 6PCS cabinet in one case)
- 吊梁(Hanging beam):一托一(one beam holds 1PCS cabinet)
- 电源(Power Supply):200W-5V 40A, 400W-5V 80A
- 航插(Power Connector):20A 3*2.5mm²国标 (20A 3*2.5mm² National standard)
